A Note from Pickett...

How to make the most of our new online Directory

Good people, our new online directory will be an incredible resource for communicating with one another, but only if we each take the time to set up our family accounts. If you did not receive an email explaining the sign in procedure, please call the office and we will add you immediately. Below are some requests and tips so that we can get the most out of the new system.

Use a current photo of yourself. Dogs, sunsets, and grandchildren are all wonderful. But many times your fellow church members know you by your face, not your name. Please use an updated photo of yourself.

If you have a smartphone, download the app. You will be able to access the directory anywhere you are.

Explore the directory and look for friends and family that have not uploaded their photo and contact information. Encourage them to do so when you see them at church.

Thank you for all your help getting this new directory off the ground!

Are you an adult that played baseball or softball in high school or have you coached before?
